

SHOP

The gift shop at the Porsche-Museum

PORSCHE MUSEUM

Drive, read, play Porsche.

The museum shop offers interesting, attractive and often rare items related to the history of Porsche. The small but fine souvenir or the longtime sought after collector's item – the museum shop is a great place to browse, marvel, rummage and buy.

The wide product range amazes with exclusive editions of model cars, with selected accessories for your historic vehicle or with a wide choice of literature and let you take home a little bit of Porsche.

Within the museum shop you will find our modern antiquarian bookshop, where you can discover historic literature and automobilia. On historic occasions we put together rare collector's pieces, often including one of a kind items. And if you're on the lookout for your own personal favorite book, we look forward to your inquiry!

Porsche-Museum
Porscheplatz
70435 Stuttgart-Zuffenhausen
